Quilt Shop Pick-Up / Drop Off _____

Quilt # 1		Quilt #2	
Width	Length	Width	Length

Quilt Back Measurements (*Back needs to be 5 - 6 inches larger on ALL SIDES*)

	Width	Length	Width	Length
Backing #1	_____	_____	Backing #2	_____

Quilt Batting Provided by client- Size & Type (batting should also be 4 - 6" larger on all sides)

Quilting Design(s): Top#1

Top#2

_____ Longarm Quilter May Select Appropriate Design - indicate if for: **Male** or **Female**

Applique Quilt Tops - indicate if allover is acceptable or custom will be applied and charged accordingly. 3-dimensional items prevent an allover design - yoyo's, buttons, beads, lace, border flanges etc.

\$ Preference: \$ \$\$ \$\$\$ (Price will also indicate density of quilting preferred from .015 to .05)

Centering Instructions*: _____

Thread Color : _____

Additional Services: _____

(binding, seam back etc.) _____

Please indicate if you would like to be contacted before quilting begins.

Prices Subject to Change Without Notice

Money Saving Tips: All seams are sewn, top and backing square and pressed.

Backing seams should be 1/2" and seam(s) pressed open. If backing does not meet minimum size and muslin strips have to be added for clamping, a prep fee will be added to your invoice.

*Centered Backs - It is NOT possible to center a top to a quilt back without pre-basting by the longarmer. A basting fee will be charged and there is still **no guarantee** due to the "draw up" factor during the quilting process.

Please be aware that longarms are mechanical devices and the possibility exists that a problem may occur (needle breaking) and cause damage to your quilt top and backing. Every effort is made to avoid this happening, but the possibility still exists.
